REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: the main reason for the allowance of claim 5 is that the prior art fails to disclose a fixed tube mounted to the rear frame section of the bike, the fixed tube having a hollow interior of sufficient diameter for receiving the tightening member and the bottom end of the vertical rod such that upon rotation of the threaded rod, the sloped bottom end surface of the vertical rod is forcibly engaged by the sloped upper surface of the tightening member to move the longitudinal axes of the vertical rod and tightening member out of coaxial alignment and causing the tightening member and bottom end of the vertical rod to engage the interior of the fixed tube for securing the handle to the rear frame section.

2. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
